2002 AP Statistics Exam Multiple Choice Solutions 1. Answer: (D) (A) is FALSE There are not necessarily more subjects available for either experiments or observational studies. There are probably more subjects available for observational studies if anything because people are more apt to be alright with someone observing them than to take

2002 AP Statistics Exam Multiple Choice Solutions

The math department at the University of Delaware has created a high-quality (and free!) AP Statistics practice test. It has 40 multiple-choice and 5 free-response questions. The questions are good; however, the links to the answer keys no longer work. For multiple-choice, click "score summaries" to see what the correct answers are. There's no way to see the free-response answers, but you already have a lot of official FRQ to use instead.

Every AP Statistics Practice Test Available: Free and Official
