Approaches to the Study of History.

Historians such as Richard Lim and D. K. Smith (2003) have argued that the study of history necessitates more than the mere recording (and memorization) of dates, people and events. It demands interpretation and necessitates invariably a degree of subjectivity in the process of analysis; no student of the past encounters historical materials or ideas or "facts" without a myriad assortment of beliefs, values, expectations, and constructs which naturally ...

Approaches to the Study of History
the use of multiple methods to study a research problem (methodological triangulation) In some studies, qualitative and quantitative methods are used simultaneously. In others, first one approach is used and then the next, with the second part of the study perhaps expanding on the results of the first.

The four main approaches - Types of research ...

Main approaches to the study of leadership. Define leadership management. Leadership refers to the quality of personal behavior that leads people or their activities to efforts to organize ” (Grooms and Reid-Martinez, 2011). According to Koontz and 'Donnell (2007), leadership is the director who persuades subordinates to be confident.

Contrast the main approaches to the study of leadership ...

Theologians adopt a more content-based approach: they study the texts and dogma which capture our fundamental dependence on a greater order of things. Intellectual historians and students of political thought study religious traditions as coherent, inter-generational, scholarly bodies of thought — the “ Islamic ” or the “ Christian ” or the “ Confucian ” tradition, for example.

Approaches in Psychology - Psychologist World

Cognitive psychology is one of the major approaches within psychology and can be contrasted with the behavioral view (a focus on observable behavior), a psychoanalytic view (a focus on the unconscious), a humanistic view (a focus on personal growth and interpersonal relationships) and a social cognitive view (a focus on the social environment as it impacts personal qualities such as thinking and feeling.) An important distinction between the behavioral and cognitive or humanistic views is ...
