A comprehensive introduction to designing services according to the needs of the customer or participants, this book addresses a new and emerging field of design and the disciplines that feed and result from it. Despite its intrinsic multidisciplinary, service design is a new specialization of design in its own right. Responding to the challenges of and providing holistic, creative and innovative solutions to increasingly complex contemporary societies, service design now represents an integrative and advanced culture of design. All over the

world new design studios are defining their practice as service design while long established design and innovation consultancies are increasingly embracing service design as a key capacity within their offering. Divided into two parts to allow for specific reader requirements, Service Design starts by focusing on main service design concepts and critical aspects. Part II offers a methodological overview and practical tools for the service design learner, and highlights fundamental capacities the service design student must master. Combined with a number of interviews and case studies from leading service designers, this is a comprehensive, informative exploration of this exciting new area of design.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious

collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative

political imaginaries of freedom and justice.

Explains how to reduce inheritance taxes, and discusses insurance, irrevocable trusts, exemptions, charity, and estate taxes

Ahn E. Sook stood alone among thousands of kneeling people. Her bold defiance of the tyrannical demand to bow to pagan Japanese shrines condemned her to a living death in the filth and degradation of a Japanese prison. This brave woman remained faithful to Christ in the face of brutality, oppression, and ruthlessness of her captors. The story of how she won many of her fellow prisoners to Christ in the most deplorable conditions is an inspiration to all.
