Building Systems for interior designers Second Edition Corky Binggeli, asid The updated guide to technical building systems for interior designers As integral members of the building design team, interior designers share an increasingly complex and crucial role. Now revised in its second edition, Building Systems for Interior Designers remains the one go-to resource that addresses the special concerns of the interior designer within the broader context of the rest of the building design team. Building Systems for Interior Designers, Second Edition explains technical building systems and engineering issues in a clear and accessible way to interior designers. Covering systems from HVAC to water and waste to lighting, transportation, and safety, author Corky Binggeli enables interior designers to communicate more effectively with architects, engineers, and contractors; collaborate effectively on projects; and contribute to more accurate solutions for a broad range of building considerations. Among the many improvements in the Second Edition are: A deeper engagement with sustainable building design, giving the interior designer the resources needed to participate as part of a sustainable design team A reshaped structure that enhances the reader's understanding of the material Many more illustrations and explanatory captions With a host of features to make the book more up to date, easier to use, and more effective as an instructive guide, Building Systems for Interior Designers, Second Edition is a valuable book for students as well as a practical desktop reference for professionals.

Building Systems for Interior Designers, Second Edition

Everyone wants a home that is beautiful and clutter free. But most of us are unsure how to get there without breaking the bank. Popular interior designer Shannon Acheson takes the guesswork out of creating a lovely home. Home Made Lovely is a mind-set: decorating should be about those who live there, rather than making your home into a magazine-worthy spread. Shannon walks you through how to · decorate in a way that suits your family's real life · declutter in seven simple steps · perform a house blessing to dedicate your home to God · be thankful for your current home and what you already have · brush up on hospitality with more than 20 actionable ideas that will make anyone feel welcome and loved in your home In Home Made Lovely, Shannon meets you right where you are on your home-decorating journey, helping you share the peace of Christ with family members and guests.

Home Made Lovely

Home Made Lovely

The definitive home-decorating guide from Kelly Hoppen, offering invaluable professional advice on both the practical and aesthetic aspects to interior design.

An in-depth study of how the famed Bloomsbury Group expressed their liberal philosophies and collective identity in visual form "[Fascinating and wide-ranging. . . . Will be enjoyed by both Bloomsbury aficionados and newcomers alike."--Lucinda Willan, V&A Magazine The Bloomsbury Group was a loose collective of forward-thinking writers, artists, and intellectuals in London, with Virginia Woolf, John Maynard Keynes, and E. M. Forster among its esteemed members. The group's works and radical beliefs, spanning literature, economics, politics, and non-normative relationships, changed the course of 20th-century culture and society. Although its members resisted definition, their art and dress imparted a coherent, distinctive group identity. Drawing on unpublished photographs and extensive new research, The Bloomsbury Look is the first in-depth analysis of how the Bloomsbury Group generated and broadcast its self-fashioned aesthetic. One chapter is dedicated to photography, which was essential to the group's visual narrative--from casual snapshots, to amateur studio portraits, to family albums. Others examine the Omega Workshops as a design center, and the evidence for its dress collections, spreading the Bloomsbury aesthetic to the general public. Finally, the book considers the group's extensive participation in 20th-century modernism as artists, models, curators, critics, and collectors.
