William Golding's *Lord of the Flies* is a dystopian classic: 'exciting, relevant and thought-provoking' (Stephen King). When a group of schoolboys are stranded on a desert island, what could go wrong? 'One of my favorite books - I read it every couple of years.' (Suzanne Collins, author of *The Hunger Games*) A plane crashes on a desert island. The only survivors are a group of schoolboys. By day, they discover fantastic wildlife and dazzling beaches, learning to survive; at night, they are haunted by nightmares of a primitive beast. Orphaned by society, it isn't long before their innocent childhood games devolve into a savage, murderous hunt ... 'Stands out mightily in my memory ... Such a strong statement about the human heart.' (Patricia Cornwell) 'Terrifying and haunting.' (Kingsley Amis) 'Beautifully written, tragic and provocative.' (E. M. Forster) ONE OF THE BBC'S ICONIC 'NOVELS THAT SHAPED OUR WORLD' What readers are saying: 'Every real human being should read this ... This is what we are.' 'It's brilliant, it's captivating, it's thought provoking and brutal and for some, its truly terrifying.' 'It can be read and re-read many times, and every time something new will appear.' 'There is a reason why this is studied at school ... Excellent read.' 'This is one of the few books I've read that I keep on my Kindle to read again.' 'I revisit this every few years and it's always fresh and impressive ... One of the best books I've ever read.'

This booklet describes, in a non-technical manner, some important aspects of the Code of Conduct for Responsible Fisheries. The purpose is to create greater awareness of the goals and purpose of the Code and to encourage its effective application in all capture fisheries and in aquaculture. This booklet does not replace the Code of Conduct but simply presents some of the complex information contained within

the Code in a simplified form in an attempt to make it more accessible to all users of fisheries.

Christian churches and groups within Anglo-American contexts have increasingly used popular music as a way to connect with young people. This book investigates the relationships between evangelical Christianity and popular music, focusing particularly on electronic dance music in the last twenty years. Author Stella Lau illustrates how electronic dance music is legitimized in evangelical activities by Christians' discourses, and how the discourses challenge the divide between the "secular" and the "sacred" in the Western culture. Unlike other existing books on the relationships between music cultures and religion, which predominantly discuss the cultural implications of such phenomenon, *Popular Music in Evangelical Youth Culture* examines the notion of "spirituality" in contemporary popular electronic dance music. Lau's emphasis on the sonic qualities of electronic dance music opens the door for future research about the relationships between aural properties of electronic dance music and religious discourses. With three case studies conducted in the cultural hubs of electronic dance music – Bristol, Ibiza and New York – the monograph can also be used as a guidebook for ethnographic research in popular music.

The founder and executive chairman of the World Economic Forum on how the impending technological revolution will change our lives We are on the brink of the Fourth Industrial Revolution. And this one will be unlike any other in human history. Characterized by new technologies fusing the physical, digital and biological worlds, the Fourth Industrial Revolution will impact all disciplines, economies and industries - and it will do so at an unprecedented rate. World Economic Forum data predicts that by 2025 we will see: commercial use of nanomaterials 200 times stronger than steel and a million times thinner than human hair; the first transplant of a 3D-printed liver; 10% of all cars on US roads being driverless; and much more besides. In *The Fourth Industrial Revolution*, Schwab outlines the key technologies driving this revolution, discusses the major impacts on governments, businesses, civil society and individuals, and offers bold ideas for what can be done to shape a better future for all.
