Today's only advanced comprehensive guide to private equity accounting, investor reporting, valuations and performance measurement provides a complete update to reflect the latest standards and best practices, as well as the author's unique experience teaching hundreds of fund professionals. In Private Equity Accounting, Investor Reporting and Beyond Mariya Stefanova brings together comprehensive advanced accounting guidance and advice for all private equity practitioners and fund accountants worldwide: information once available only by learning from peers. Replete with up-to-date, user-friendly examples from all main jurisdictions, this guide explains the precise workings and lifecycles of private equity funds; reviews commercial terms; evaluates structures and tax treatments; shows how to read Limited Partnership Agreements; presents best-practice details and processes, and identifies costly pitfalls to avoid.

ISBN "9780321822338" from label on back cover.

For the one-semester human anatomy laboratory course. Everything students need for a successful lab experience With 30 exercises covering all body systems, a clear, engaging writing style, and full-color illustrations, Human Anatomy Laboratory Manual with Cat Dissections, 9th Edition provides everything needed for a successful lab experience. Visual Summary Tables present complex information, and "Why This Matters" boxes help students relate the lab activity to a real-life or clinical example. The 9th Edition features new Clinical Application Questions that challenge students to apply lab concepts and critical-thinking skills to real-world clinical scenarios. And new full-color illustrations and photos replace many black and white line drawings to help students differentiate among structures and more easily interpret diagrams. The lab manual complies with the illustration and presentation style of Human Physiology text, but can be paired with any human anatomy textbook.

Now in its Ninth Edition, Essentials of Human Anatomy & Physiology continues to set the standard for short-course A&P texts with an enhanced media package, an updated art program, and new "active learning" features that help allied health students better visualize and understand the structure and function of the human body. Elaine Marieb's clear and friendly writing style emphasizes the relevance of anatomy and physiology to students' lives and careers. It clarifies concepts, defines key terms, and offers just the right balance of anatomy, physiology, and clinical coverage to make the content complete without being overwhelming. While many authors merely condense a two-semester text to meet a one-semester need, Elaine Marieb wrote this book specifically for the one-semester course and continues to carefully select a range of material that proves just right for the shorter course. New information on hot topics like DNA fingerprinting, contraception, stem cell research, and obesity draws students into the material, while a flexible topic structure allows instructors to choose a chapter sequence to meet virtually any need. CourseSmart textbooks do not include any media or print supplements that come packaged with the bound book.

Intended for use with any A&P textbook, this best-selling laboratory manual features a wide variety of exercises and activities designed to meet the needs of any 2-semester anatomy & physiology laboratory course. Known for its thorough, clearly-written exercises, full-color art, and tear-out review sheets, this lab manual gives students a hands-on laboratory experience. This lab manual is available in three versions: Cat, Main, and Pig. This updated Laboratory Manual includes access to the new Practice Anatomy Lab(TM) 3.0 and new PhysioEx(R) 9.0 It is also accompanied by MasteringA&P, an online learning and assessment system proven to help students learn. In addition to providing instructors and students with access to PAL 3.0 and PhysioEx 9.0, MasteringA&P for Marieb's HAP Lab Manual also features assignable pre-lab and post-lab quizzes for every lab exercise, art labeling activities, and assignable assessments for PAL 3.0 and PhysioEx 9.0. This package contains: The PhysioEx 9.0 DVD The MasteringA&P Student Access Code Card Human Anatomy & Physiology Laboratory Manual, Main Version, Update, Ninth Edition

For one-semester courses in human anatomy. A functional approach to human anatomy, available in a multifunctional eText Human Anatomy, the #1 best-selling textbook for the human anatomy course, is widely regarded as the most readable and visually accessible book on the market. Using a functional anatomy theme, the text presents human anatomy as a well-illustrated "story" with the right amount of detail that learners can understand at an introductory level. Analogies and comparative descriptions make anatomical structures more memorable and understandable, and explain how the shape and composition of structures allow them to perform their functions. The 9th Edition features new exercises and questions that help students learn and use anatomical language and interpret real-world medical images while learning basic human anatomy.

Building on the functional anatomy approach of previous editions, selected illustrated tables have been enhanced to tell a more cohesive and logical "story" of human anatomy. In the eText edition, dozens of embedded videos and animations help students visualize, manage, and master anatomical terms and structures, along with instant cross-referencing that eliminates the need to flip pages to connect concepts across body systems. Also available as a Pearson eText or packaged with Mastering A&P, Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. If your instructor has assigned Pearson eText as your main course material, search for: 0135273013 / 9780135273012 Pearson eText Human Anatomy -- Access Card, 8/e OR 0135273005 / 9780135273005 Pearson eText Human Anatomy -- Instant Access, 8/e Also available with Mastering A&P By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student. Built for, and directly tied to, the text, Mastering A&P enables an extension of learning, allowing students a platform to practice, learn, and apply outside of the classroom. If you would like to purchase both the physical text and Mastering A&P search for: 0135205026 / 9780135205020 Human Anatomy Plus Mastering A&P with Pearson eText -- Access Card Package Package consists of: 0135168058 / 9780135168059 Human Anatomy 0135202086 / 9780135202081 Mastering A&P with Pearson eText -- ValuePack Access Card -- for Human Anatomy Note: You are purchasing a standalone book; Pearson eText and Mastering A&P do not come packaged with this content. Students, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.
