The goal of the math facts development in Math Trailblazers is for students to learn the basic facts efficiently, gain fluency with their use, and retain that fluency over time. A large body of research supports an approach in which students develop strategies for figuring out the facts rather than relying on rote memorization. This not only leads to more effective learning and better retention, but also to the development of mental math skills.

Math Facts | Math Trailblazers

Math Trailblazers is based on the idea that mathematics is best learned in real-world contexts that are meaningful to children. Students work collaboratively with their peers to make sense of concepts, while using multiple representations and tools to solve complex problems. This solid conceptual foundation gives students the power to develop fluency with mathematical procedures.

Math Trailblazers | Flourish

Math Trailblazers is an elegantly engineered, inquiry-based curriculum that makes mathematics engaging and meaningful to students. Math Trailblazers is based on more than 25 years of National Science Foundation funded research by experts at the Teaching Integrated Mathematics and Science (TIMS) Project and the Learning Sciences Research Institute of the University of Illinois at Chicago.
