I need to know the torque specs for a 2011 paccar engine ...
2010-2017 PACCAR MX-16 diesel engines. Cylinder block cavitation and erosion has been reported on these engines and recently, a repair has been made possible. To salvage the block to allow reuse, three different size liners have been made available from PACCAR. Along with the standard liner three additional thickness flanged liners are available.

Apparently, they have all heard the Cummins has engine problems and the Detroit always gets '10mpg.' The 10mpg is of course bunk, but some of the early Cummins ISXs are showing up with cam problems around 7-800k. I still rather own and drive an ISX. When it comes to comparing ISX or paccar I always here ISX.
