The role of social housing provision by RSLs in rural areas can be said to be necessary but not sufficient in itself to sustain mixed communities. The provision of social housing often plays only a minor role in relation to people's prospects in the labour market which, in turn, is partly driven by their level of access to the opportunities in and around the larger urban areas.

Social housing in rural areas | JRF

Provision of social housing in rural areas may be necessary but is not sufficient in itself to sustain mixed communities. Many of the rural areas which have more social housing also tend to have problems linked with

Social housing in rural areas (summary)

Waiting lists for social housing in rural communities are on the rise which has led countryside campaigners to call for the Chancellor to announce a significant uplift in investment in homes that people can afford to live in. According to CPRE, the countryside charity, the backlog in unmet demand for social housing is continuing to grow year-on-year, with hundreds fewer genuinely affordable houses delivered last year compared to the year before. Over half (58%) of rural local authorities ...

Rural social housing waiting lists grow | CPRE

Rural housing. We're supporting housing associations to invest in rural homes and communities, and working with them to increase the number of affordable homes in rural areas. Around 300 of our members own and manage more than 1.7 million homes in village and market towns across the country. There is an urgent need to protect and build more affordable housing in rural areas.

National Housing Federation | Rural housing
