The Specialist in clinical TMS treatment for mood & anxiety disorders. rTMS is a ground-breaking treatment for severe depression with over 35 years of thorough clinical research and development that began in Sheffield. The rTMS Centre opened in 2015 after the NICE guidelines approved TMS as an effective treatment for depression.

The rTMS Centre (Sheffield) - 3 steps to TMS Treatment

TMS is used in many laboratories to study the effects of localised brain stimulation on perception, attention, movement control and higher thought processes (such as executive control and memory): The magnetic field induces currents stimulating the neurones in a small area beneath the stimulation coil, and temporarily altering their normal function.
