The eighth edition of Marketing Management: A Strategic Decision-Making Approach, concentrates on marketing decision-making, rather than mere description of marketing phenomena. By providing specific tools and decision frameworks, it prepares its readers to hit the ground running and contribute tangibly to the marketing efforts of firms large and small. Drawing on its authors' wealth of

entrepreneurial and executive experience, along with their thought-leading research, the book provides an abundance of real-life examples of marketing decisions - both good and not-so-good - from around the world in companies ranging from entrepreneurial start-ups to multi-national giants. This edition continues to be the most current and internet-savvy book available, injecting the latest developments in internet-based communication and distribution technology into every chapter.

Whether you are a business owner, department manager, or even a concerned employee, Workplace Security Essentials will show you how to improve workplace safety and security using real-life examples and step-by-step instructions. Every organization, be it large or small, needs to be prepared to protect its facilities, inventory, and, most importantly, its staff. Workplace Security Essentials is the perfect training resource to help businesses implement successful security measures, boost employee morale and reduce turnover, protect the company's reputation and public profile, and develop the ability to process and analyze risks of all kinds. Workplace Security Essentials helps the reader understand how different business units can work together and make security a business function-not a burden or extra cost. Shows how to identify threats using tried-and-true methods for assessing risk in any size organization Uses real-world examples and scenarios to illustrate what can go wrong-and what can go right when you are prepared Prepares the reader for worst-case scenarios and domestic violence that may spill over into the workplace Provides a clear understanding of various electronic systems, video surveillance, and burglar alarms, and how to manage a security guard force

Job titles like "Technical Architect" and "Chief Architect" nowadays abound in software industry, yet many people suspect that "architecture" is one of the most overused and least understood terms in professional software development. Gorton's book tries to resolve this dilemma. It concisely describes the essential elements of knowledge and key skills required to be a software architect. The explanations encompass the essentials of architecture thinking, practices, and supporting technologies. They range from a general understanding of structure and quality attributes through technical issues like middleware components and service-oriented architectures to recent technologies like model-driven architecture, software product lines, aspect-oriented design, and the Semantic Web, which will presumably influence future software systems. This second edition contains new material covering enterprise architecture, agile development, enterprise service bus technologies, RESTful Web services, and a case study on how to use the MeDICi integration framework. All approaches are illustrated by an ongoing real-world example. So if you work as an architect or senior designer (or want to someday), or if you are a student in software engineering, here is a valuable and yet approachable knowledge source for you.

"32 cheers for Ernessa T. Carter! She's created one of the freshest, funniest characters I've ever read...32 Candles is a charmer." –Carleen Brice, author of Orange Mint and Honey 32 Candles by exciting newcomer Ernessa T. Carter is the slightly twisted, utterly romantic, and deftly wry story of Davie Jones, who, if she doesn't stand in her own way, just might get the man of her dreams. For fans of John Hughes's "Sixteen Candles", 32 Candles is a fresh and fun fiction debut for every fan of romantic comedy.

Julie Clinton, author, speaker, and president of Extraordinary Women, has spoken to thousands of women across the nation and knows they are eager to break through ordinary busyness, discouragement, and distraction to embrace a meaningful life in Christ. With a practical, engaging 10-week format, Julie encourages women to experience this transforming life in and with Christ as she leads them to know God by spending time with Him and seeking His heart. Biblical and motivating, Julie awakens readers to inspired principles and life-changing priorities as they gather these and other riches of extraordinary faith: Refueled purpose and passion for their journey Healing of and release from past wounds Freedom from guilt with love and grace Relationships and connections that matter This exploration of God's Word and His desire for each woman's life reveals the remarkable, attainable picture of the godly significance she is made for. This book's content can be enhanced by the companion DVD.

Isolation, remoteness from one's native land, and the loss of language are but a few of the themes that recur in the literature of exile written over the centuries. In this book, the first study of the theme of exile in Canadian literature, Hallvard Dahlie brings together a broad spectrum of Canadian writers -- writers from the Old World who have become exiles to Canada, but also Canadians who have exiled themselves for varying periods from Canada.

If God wanted April Grace to be kind to her neighbors, He should have made them nicer! Growing up in the country is never easy, but it sure is funny—especially if you happen to have a sister obsessed with being glamorous, a grandma just discovering make-up, hippie friends who never shower, and brand new neighbors from the city who test everyone's patience. From disastrous dye jobs to forced apologies and elderly date tagalongs, you'll laugh 'til you cry as you read the Confessions of April Grace! Here are just a couple of April's thoughts: On her sister, Myra Sue: "How anyone can be that dumb and still be able to eat with a fork is beyond me." On senior citizen lovebirds: "What if they started smooching right at the table in front of God and everybody?" In spite of all the loony characters in her life, April Grace is able to learn from her parents as they share the love of God—to even the craziest of characters!
